

ASTCT Pharmacy SIG Journal Club Session

November 19, 2025

2:00-3:00 PM CST

TARGET AUDIENCE

This session is intended for pharmacists and other members of the health care team who are involved in managing patients undergoing hematopoietic stem cell transplantation and cellular therapy.

PROGRAM OVERVIEW

This webinar consists of two, 30-minute journal club presentations, which include 20 minutes for the presentation and 10 minutes for discussion and a Q & A session. In the November Journal Club session, Drs. Donovan and Santos will present two articles related to:

- PTCy-based GVHD Prophylaxis after mismatched unrelated donor peripheral blood stem cell transplant
- CAR-T Therapy for Richter Transformation

LEARNING OBJECTIVES

Upon completion of the activity, participants should be able to:

- Review current evidence and clinical practices for graft-versus-host disease (GVHD) prophylaxis following hematopoietic stem cell transplantation (HSCT)
- Evaluate the utility and clinical significance of PTCy-based prophylaxis in mismatched unrelated donor (MMUD) transplantation among various conditioning regimens
- Review current treatment recommendations for relapsed refractory Richter transformation
- Evaluate the safety and efficacy of anti-CD19 CAR-T therapy for patients with relapsed refractory Richter transformation
- Summarize the role of anti-CD19 CAR-T therapy for patients with relapsed refractory Richter transformation

FACULTY & ARTICLES

Daniel Donovan, PharmD

PGY-2 Pharmacy Resident

MD Anderson Cancer Center

Article: [Post-Transplant Cyclophosphamide-Based Graft-Versus-Host Disease Prophylaxis After Mismatched Unrelated Donor Peripheral Blood Stem Cell Transplantation](#)

Cheyenne Santos, PharmD

PGY-2 Pharmacy Resident

Oregon Health & Sciences University

Article: [Chimeric Antigen Receptor T-Cell Therapy for Richter Transformation: A CIBMTR Analysis](#)

Instructions for Participation and Requesting Credit

There are no fees for participating and receiving credit for this activity. Successful completion is achieved by reviewing the CE information, completing the activity, and completing the posttest and evaluation form. A score of at least 75% on the posttest is required to successfully complete this activity. The participant may take the test until successfully passed.

Credit Fulfillment

- If you are a pharmacist requesting ACPE credits, your credit request will be uploaded to CPE Monitor within 60 days

ACCREDITED PROVIDER

This activity is jointly provided by The France Foundation and American Society for Transplantation and Cellular Therapy (ASTCT).

In support of improving patient care, this activity has been planned and implemented by The France Foundation and American Society for Transplantation and Cellular Therapy (ASTCT). The France Foundation is jointly accredited by the Accreditation Council for Continuing Medical Education (ACCME), the Accreditation Council for Pharmacy Education (ACPE), and the American Nurses Credentialing Center (ANCC) to provide continuing education for the healthcare team.

CREDIT DESIGNATION

Pharmacists

This knowledge-based activity, UAN JA0007204-9999-25-092-L01-P qualifies for 1.0 contact hour (0.10 CEU) of continuing pharmacy education credit. **Please submit all evaluations and credit requests no later than 30 days after you complete this activity to ensure your credit fulfillment, as CE credit cannot be awarded past 60 days from the activity date.** Your CE credits will be electronically submitted to the NABP upon successful completion of the activity. Pharmacists with questions can contact NABP customer service (custserv@nabp.net).

All other healthcare professionals completing this course will be issued a statement of participation.

DISCLOSURE POLICY

In accordance with the ACCME Standards for Commercial Support, The France Foundation (TFF) and the American Society for Transplantation and Cellular Therapy (ASTCT) require that individuals in a position to control the content of an educational activity disclose all relevant financial relationships with any commercial interest. TFF and ASTCT resolve all conflicts of interest to ensure independence, objectivity, balance, and scientific rigor in all of their educational programs. Furthermore, TFF and ASTCT seek to verify that all scientific research referred to, reported, or used in a CME/CE activity conforms to the generally accepted standards of experimental design, data collection, and analysis. TFF and ASTCT are committed to providing learners with high-quality CME/CE activities that promote improvements in health care and not those of a commercial interest.

Disclosures

The individuals listed below disclosed the following relevant financial relationships:

Name of Individual	Individual's Role in Activity	Name of Commercial Entity	Nature of Relationship(s)	Mechanism(s) implemented to resolve conflict of interest
Ashley Smeaton, MHA	TFF Staff	No relevant financial disclosures	N/A	N/A
Cheyenne Santos, PharmD	Faculty	No relevant financial disclosures	N/A	N/A
Daniel Donovan, PharmD	Faculty	No relevant financial disclosures	N/A	N/A
Haedyn Smith	ASTCT Staff	No relevant financial disclosures	N/A	N/A
Harpreet Sandhu	Reviewer/Mentor	No relevant financial disclosures	N/A	N/A
Jade Braun, PharmD	Reviewer/Mentor	No relevant financial disclosures	N/A	N/A
Justin Tossey, PharmD, BCOP	Reviewer/Mentor	1. BioLineRx, USA, Inc.	1. Non-CE Consulting	The following relationship was mitigated by: BioLineRx, USA, Inc. ended 12/28/24
Katelyn Yamartino, PharmD	Reviewer/Mentor	No relevant financial disclosures	N/A	N/A
Melanie Rudisill	Reviewer/Mentor	No relevant financial disclosures	N/A	N/A
Pearl Abraham, PharmD, BCPS, BCOP	Reviewer/Mentor	No relevant financial disclosures	N/A	N/A

DISCLOSURE OF UNLABELED USE

TFF and ASTCT require CE faculty (speakers) to disclose when products or procedures being discussed are off label, unlabeled, experimental, and/or investigational, and any limitations on the information that is presented, such as data that are preliminary or that represent ongoing research, interim analyses, and/or unsupported opinion. Faculty in this activity may discuss information about pharmaceutical agents that is outside of US Food and Drug Administration approved labeling. This information is intended solely for continuing medical education and is not intended to promote off-label use of these medications. TFF and ASTCT do not recommend the use of any agent outside of the labeled indications. If you have questions, contact the Medical Affairs Department of the manufacturer for the most recent prescribing information.

DISCLAIMER

TFF and ASTCT present this information for educational purposes only. The content is provided solely by faculty who have been selected because of recognized expertise in their field. Participants have the

professional responsibility to ensure that products are prescribed and used appropriately on the basis of their own clinical judgment and accepted standards of care. The France Foundation and ASTCT assume no liability for the information herein.
